

CAMP LOT LEASE APPLICATION PACKAGE

A camp lot lease is a legal agreement which authorizes the use of Crown Land for an individual or a private group for the purpose of establishing and maintaining a recreational camp lot. Leases are issued for a term of 10 years.

The leased area is approximately 0.4 hectare (1 acre) on which one permanently affixed single-family dwelling can be placed, for seasonal or part time use. It cannot be used as a principal residence. An affixed camp must be built within the first 3 years.

A camp is a built structure that:

- provides temporary accommodation
- is affixed to a leased camp lot via in-ground or above-ground support structure (e.g. blocks, foundation)
- may be placed or constructed on the lot and may include a modular or prefabricated home that is transported to the leased lot
- does not include garages, baby barns, sheds, recreational or other vehicles, and travel trailers, regardless of whether the wheels are attached.
