

Nuisance Wildlife Control Operator Report Form

General Instructions

Attached are report forms that **MUST** be submitted to the Fish and Wildlife Branch at the end of each calendar year. Please make a report of any animal or groups of animals handled under the authority of a Nuisance Wildlife Control Operator's Licence. Species **exempted** from this reporting requirement are: **all rats, mice, moles and voles; as well as brown-headed cowbird, common grackle, European starling, red-winged blackbird, house sparrow and rock dove (pigeon).**

Provide the information as follows:

- Species:** indicate the species of animal handled (common name).
- Month:** indicate the month that the animal was handled.
- WMZ:** indicate the Wildlife Management Zone where the action was taken. A WMZ map is attached.
- Location:** residential address of the person for whom the holder was acting as a designate when taking the animal.
- Complaint** give a brief description of the nature of the complaint that required
- Description:** action to be taken.
- Name of Complainant:** record the name of the person who requested your services.
- Control Method:** give a brief description of the control method(s) used, i.e., box traps, killing traps, leg-hold traps, snares, snare pole, netting, etc.
- No. Destroyed:** record the number of animals of the species indicated that were destroyed.
- No. Relocated:** record the number of animals of the species indicated that were relocated and released.
- Relocated WMZ:** indicate the WMZ in which the relocated animals were released.

Nuisance Wildlife Control Operators are not permitted to relocate/release any of the six rabies vector species: **raccoon, skunk, fox, coyote, groundhog or mink.** These animals must be humanely euthanized according to the humane techniques approved by the Canadian Council on Animal Care and described in the NWCO Course. The removal, exclusion or killing of **bats** requires a Nuisance Wild Animal Control Permit which can be obtained from your local DNRED office. All euthanized bats shall be submitted to DNRED.

At the end of each calendar year, but **no later than January 14th**, please send any completed report forms to:

Natural Resources and Energy Development, Fish and Wildlife Branch, P.O. Box 6000, Fredericton, NB, E3B 5H1, Tel: 506-453-2372 Fax: 506-453-6699
