

NOTICE

Service New Brunswick will soon be introducing important changes to the payment system for on-line clients of SNB's Registry and Mapping Services.

On June 1, 2003, SNB will:

- **Eliminate our current payment system.**
- **Cease billing our on-line Registry and Mapping Services customers on a monthly basis.**
- **Begin offering the convenience of a new automated electronic payment system.**

Our new automated payment system - electronic funds transfer (EFT) - will eliminate the need for cheques and will automatically transfer funds directly from your bank account to SNB.

Here's how it works:

- **Once we have your banking information and your authorization, we will set up a direct link with your bank account.**
- **As we do now, we'll track your charges over a monthly billing period.**
- **At the end of each month, we'll tally up your charges.**
- **On the first business day of each month, your bank account will transfer to SNB the amount you owe us for the previous month's usage.**
- **On the same day, you'll receive a notification via email from us that your monthly payment has been transferred.**
- **If you continue to use SNB's Registry and Mapping Services, this process will be repeated on the first business day of each month.**

What else should you know?

- **You will no longer receive monthly invoices.**
- **Any outstanding balances as of May 31st, shall be collected by EFT on the first business day of June.**

We still need your help:

- **Included in this package is a client registration form. We need you to return this to us with your banking information and authorization by May 5, 2003.**
- **Forms and instructions are also available online at www.snb.ca (under News and Announcements).**
- **Notify us of any changes to your banking information and email address as they arise.**

Who to call for more information:

- **If you've got questions or concerns, please contact David Gaudet
Telephone (506) 856-3781, Email: david.gaudet@snb.ca**
