

## Address Information

(New: January 2014)

---

### **Description**

For each registered vehicle a single Mailing Address and Registration Address needs to be identified amongst its owners.

If the vehicle has a single owner, then the Mailing and Registration addresses of that owner are automatically selected.

If a vehicle has multiple owners, then Owner 1 (left most) is automatically identified as the primary owner and the selected Mailing and Registration addresses are defaulted to those of the primary owner.

Only one Mailing Address can be selected (Radio button group across the 1-3 owners).

Only one Registration Address can be selected (Radio button group across the 1-3 owners).

For individuals, generally the Mailing and Registration Address are the same.

Registration Address is mainly used for large businesses (e.g. Mailing Address identifies the Headquarters, and the Registration Address is used to ship the registration to a local office location).

When registering a lease, ensure that the mailing and registration address are selected for the Lessee.
